“ Mrs. Boswell was a kind, generous, loving lady who her children just adored. I have had the pleasure of teaching her daughter this year and have been humbled by how sweet and creative she is and how much she has looked up to her mom. As Ms. Jones shared, Mrs. Boswell has been incredibly supportive of her children’s learning and always willing to support however she could. My heart is broken at her loss, she will be very missed, but her legacy of selfless kindness will live on through her incredible community and amazing children.

“ I know Mrs. Boswell through her wonderful son in my class. She always greeted me with a smile at different school events. Also, she frequently placed orders in the scholastic books provided, making to sure to buy one for each of her children. Her son was always excited to tell me about a videogame adventure they had together, and recently they beat a game. I am glad to have known Mrs. Boswell and she will be truly missed.
