“ *I loved working with Bobbi at Baden Elementary School. We shared stories of our parents and relatives who had connections back in the forties and fifties. She was always so helpful and cheerful, and was easily one of the best coworkers with whom I had the pleasure to know.*

“ We have many fond memories of Aunt Bobbie. But one story that stands out is Denny and Debbie went to visit with Aunt Bobbie and we all heard a "chirp" . Aunt Bobbie said she has not been able to find that cricket yet. Denny said "Aunt Bobbie I think that is your smoke detector with a low battery." Low and behold it was her smoke detector after we finally located it. We laugh a lot over the years about that cricket.
