“ *Betty became a very good friend of mine. She was my Friend-In-Law, because she was my son's Mother-In-Law and, of course, my Daughter-In-Laws' mom. I had known Betty since the time Vicki and Craig met while they were in High School. We had become closer to one another after each of us lost our husbands to cancer and even closer after she sold her home and moved to Welcome to live with Vicki and Craig. We would go on outings together to the Doctor, to Giant (where she was always spoken to by the employees) and then to some place to eat. She loved Panera's Cheese and Broccoli soup and always ordered it..I truly miss her and think about how much fun we had laughing together, often.*
