“ *I'm so sorry to hear of Betty's passing.. My name is Brittany and I am the receptionist at her Dr's office. Betty was a light anytime she came into the office. She was one of the kindest soul's I've had the pleasure of being blessed with in knowing. There was never a time when I got to talk to Betty where she made me feel less than. She always touched my heart and gave me such a warm and comforting feeling just being near her. I just wish I could've had more encounters with her as the times I did have were nowhere near enough. I know God has welcomed her home with the biggest open arms possible. I wish her family all the comfort in the world and send the biggest and warmest hugs possible.. take comfort in knowing Betty was and always will be known as a light in all of the darkest times.. A truly sweet and humble soul that I will never forget*

*My sincerest condolences for your loss. I didn't work directly with Betty, but I knew her for many years while working at the Sasscer Bldg. There is one thing that I'll always remember about her - her smile! She had a beautiful smile and she was always so friendly anytime I ever saw her in the hall or spoke with her. I know she is a beautiful "light" who will be greatly missed. Sincerely, Lisa (Canter) Cooper*

“ I am so sorry to learn of Betty's passing. I worked with Betty for 33 years with PGPCS in the Financial Services Department. We lost touch with one another after she sold her home in Waldorf and I was never able to connect with her not knowing where she had moved to. I have fond memories of Betty through the years and many good laughs for sure. Everyday after lunch Betty would put on her lipstick - she would say I need to put my lips back on :) She is now with her beloved "Reds" and watching over her family. My deepest sympathy to each of her family members. Heaven gained a beautiful angel.

“ Are you there momma? I KNOW you are!!! My heart is in pieces. There are no words to describe this. My mind is settled with the idea that you are with Dad again and now I know both of you are watching over us. I know you were tired. You have been through so much. “Go rest high upon the mountain!” Prepare a place for the rest of us until we meet again. Love you so much. 💕💕

“ *Betty had the biggest heart of anyone I know. All you had to do was look into her happy eyes and you knew her faith in God was endless. She loved her family and always thought of them first. I will miss my sister very much*
