“ *Patty, we just recieved your Christmas card with the news of Carlos' passing. Alicia and I are so sorry about Carlos. He was a great guy and co-worker. I loved playing table tennis with him in his garage when we lived in Maryland. He made working a PMH a good time. He will be missed by a lot of people whose lives he made better just by being himself. Take care of yourself.*

“ I was so sad to hear this, as a patient of his for many years, I've never had someone so compassionate about making me feel comfortable when I worried so much - I'll never forget your words telling me I had a "beautiful heart", no one ever has ever told me that - I will never forget your professionalism and our conversations about that bicycle you were so proudly happy to finally get!! I sincerely wish your family condolences and hope they find comfort in their memories of you. May God Bless you Carlos and your family! Rest in peace my friend, you will be missed but never forgotten!

“ I unfortunately just heard of your passing yesterday. Carlos, you will be missed! I had the privilege of working with you years ago and I am glad for every moment that I got to know you. It was always nice to have someone around that puts a smile on your face during a rough day at work, even when you were being rushing around yourself. Mom would always ask about you; now you can hang out with Mom and keep a smile on her face like you did for me. Thank you Carlos for all the smiles and laughs; they helped in more ways than you ever knew.

*Lots of love,

“ I am devastated. To pass so young with no apparent life-threatening diseases is such a blow to my darling sister. They were happy together - had to be - he could even live with her snoring, and she finally had the love and support she needed and deserved. I'll miss trading cooking techniques.

“ Carlos was a wonderful man who was always willing to help me when I first started at PMH. While he had his struggles with life he truly enjoyed life. I'm so glad that he and Patty found each other and were enjoying life as husband and wife, parents and grandparents. I know they were his pride and joy. We often wonder about God's plan, but he must have needed a good man. My prayers are with Patty and the family. May God hold you in his arms during this troubled time.

Today, August 4, 2023. I was wondering how my buddy (paná) was doing and came to find that he left us. My wife and I felt our hearts sink so low and felt like as if it was yesterday that he passed away. We use to hang out together and came over often to the house where my wife was very happy to set another plate at the table for him (this was back in 1976). We lost touch with each other after being tranferred to a new base in FL. We use to have a great together and will never forget him. To the family out felt heart condolences 🥹.
