“ It has been a blessing to share wonderful memories with my Grandfather over the last 2.5 years. Although we had tons of fond moments throughout my entire life, I grew so much closer to him as we stepped into a caregiver role for him. He was able to be a huge part of my children's lives and etch so many memories in their minds that we all are sure to cherish for a lifetime to come. We are truly saddened by his loss but have so much joy knowing how blessed we are to have all these memories. Not only did he enrich our lives but without a doubt we enriched his. The smiles alone are proof to anyone how happy he was. He loved his sweet great granddaughter Liliانا. He'd light up every time she walked in the room. She even had the chance to dance with him a few times and boy did he LOVE that. He of course loved the boys too but had a soft spot for the princess. She was his girl! By the promise of God and the sacrifice of his son Jesus, we WILL meet again at those pearly gates of Heaven. Until then my lovely Grandpa, May you rest in peace and enjoy all those loved ones up in Heaven who have been waiting for you. I'll see you again soon. \*Hugs & Kisses\*

“ *The past two and a half years I was able to honor my father and care for him, it will be cherished in ways I could never truly describe. I learned that life is very short and all that really matters is that we glorify Jesus Christ in the way that we love. I know that my love that I had for my dad was felt probably until I made him suffocate in a good way. I know that he is now in the arms of One who loves him much more than I.*

*Rest well now my precious daddy and I will see you again ❤️ Your daughter Kathy*
