“ I can't believe you're gone, I will miss you terribly. I am honored to have had you as my big brother, one day we will be together again. Until then I will remember the good times, you singing, playing the guitar, drawing and mostly when we were little kids playing Dukes of Hazzard in the woods. You boys made cars out of old parts that were in the woods, you always had to have the General Lee. That's always been a favorite memory of mine. I have so many more memories but mostly, I will remember your smile, laugh and love for family and friends. Rest in paradise David Lee. I Love You Bro
