“ *Dave, there is not a day that passes by that we aren't thinking of you. You are and will always be my #1 and only step father. You are me and Sabrina's second dad. You helped raise the both of us and we will always be extremely grateful for all that you have done. We all love you more than any words could possibly describe. You are and have always been an amazing father and grandfather. Thank you from the bottom of my heart for your kindness to others. It saddens me deeply to know that you are no longer with us, but I know that grandma Marie and pop pop Frank, uncle Bill and aunt Andrea are all taking very good care of you in heaven. Until we meet again, we all love and miss you very much. Love, your step daughter Mandy*

“ My Brother "Dodge City Dave", I'm gonna miss you. But I will never forget you. I have a hundred of stories to share. Right now, I want to share this one. Forestville Maryland, summer time. I was asking Dave for a ride in the Chevy II. He was like, Vic you know that I have no passenger seat in the car, it's just a piece of plastic, like a little bucket. I said, I don't care! He said Ok, get in. It was a Sunday afternoon, sunny and warm. We started the run at the Exxon Gas Station. He punched it, and I went flying into the back of the car, and in 4.0 seconds we passed Boones Lane! Dave was laughing, saying I told you that it's not a comfortable ride for a passenger!

We'll meet again one day, my friend. And I'll remind you of this story then.

“ *I've been so blessed to have known Dave my entire life. We affectionately refer to him as Big Dave, and his son, who has always been a brother to me, as Little Dave. Dave and my dad have been friends for over 30 years, so I had the pleasure of being around Dave many, many times as I was growing up. Dave was quiet, but always seemed to be happy. Never once did I hear him speak ill of anyone. Dave was incredibly kind and quiet, but he stood tall and strong like an oak. It has been an incredible honor to know you Dave, our hearts are missing a huge piece now that you've gone home, but we will all see you again someday. God bless you my friend. Love always, Ryan.*

“ I remember when I first meet you Dave at your house in Waldorf at the time I just started dating your lovely daughter Clara. I know you didn't like me very much that a older guy was dating your baby girl and I totally understand but then she got pregnant with our son your Grandson Jayden Steventon and everything changed after that. My son loved his pop pop very much and over the years I grown to do the same. I'm sorry things didn't work out with me and your daughter but I have always considered you family and a friend. I will miss our talks whenever you came down to pick your Grandson up.....R.I.P.

“ My husband and I both remember Dave as being a very quiet man and a loving father. We know he loved building race cars with his son and help raise his daughter. Dave will be missed by everyone that knew him. To his family we send all of our love and hope time will help you get through this. With deepest sympathy. The Tomlinson Family.
