“ *Best pinball player ever! Every time I play or see a pinball machine he is the first person I think about. We lost touch many years ago but he was always a great friend and great personality. Also he introduced me to the band called Rush! So whenever I here a Rush song I think of him. I hope he is at peace and he will always be a thought from my memories. God Speed Bro!*

I know this is a late response but I wanted to say something when it came to me instead of doing it on the fly.
