“ *Dennis was my neighbor for many years. He was a great friend and my kids loved him. We will miss him. In addition, I also worked side-side-by side with him on our neighborhood homeowner board. Anything that has improved over the past decade is because of his sweat equity. It is much appreciated. Out thoughts and prayers are with Janis and his family. You are missed.*

“ *I worked with Dennis for many years at Valley National gases. He was always smiling and willing to lend a helping hand, I remember his love for Nascar and golfing I enjoyed talking about the races with him. Prayers for Janice and all of Dennis friends and family during this difficult time. Rest in peace Dennis.*

“ He and Janis were the welcome wagon when I moved in next door in 2012. He was always willing to lend a helping hand and he helped me out a few times, guiding me in my new home ownership, and we would help each other out in a pinch. Not a time will go by now that I won't remember him outside grilling. He was always outside almost every night and on weekend mornings grilling something. I would yell over the fence "Hey Dennis, how's it going?" One night, my other half and I were outside and smelled gas and nobody was outside. I text Dennis and told him I smelled gas in his yard and he went to check and sure enough, with all that good cooking, he forgot to turn the gas off to the grill. My first Winter, he text me to suggest turning off the water outside cause it was going to be extremely cold. He and Janis were always doing something together, whether it was a trip to Lowes and some house project they were doing or taking care of the yard or they were off to church on Sunday. I will truly miss seeing him and the neighborly chatting and the kindness he showed me as a great neighbor and friend!!! Our prayers and thoughts are with Janis and his family during this extremely difficult time. He will be missed by many!!! Hugs!!!

“ I had the privilege of working with Big Den for about a year and a half. During this time, Den was able to impart a lot of knowledge about the compressed gas & welding industries to me. I feel fortunate to have known him! He will certainly be missed!

Rest well my friend!
