“ *I met the family in the early 80s. We hit it off right away. Dody, Robin, kendall and myself hung out all the time. We would go out dancing at yesterday's often. The atomic dog. Lol. We would go on week long trips to ocean city where Thelma and Calvin had a place and worked. It's so hard to believe they have passed. Dody use to say she wanted to be a hairdresser and then I found out nikki was actually one. I am so sorry for your lose sweetheart. She will be truly missed. R.I.P.*

“ Mommy there is so many memories I could write! My heart is broken that you left me. I need you. I will forever cherish our relationship. I was blessed with having that. I could tell you anything it didn't matter. I'm really confused why god took you from me. But I love you and would do anything to have you back. You were the strongest woman I knew.

“ Some of my favorite memories with Aunt Dody was by the pool. We would all butter down and lay out in the sun. Followed with music and doing the electric slides with our drinks. Then once the sun went down it was playing family games and cards. My youngest memory was when she came to my house, I believe I was sleeping. I got up to her going to pierce my ears for the first time. Love you forever and ever. We always could relate on some many situations. Going to be missed dearly.

“ My best memory is when I was choking on pizza and I didn't know what to do so I just sat there trying to get it out my throat but I just couldn't. I didn't even say anything somehow she just knew to ask and when I shook my head yes she ran and grabbed me and gave me the Heimlich maneuver and the pizza flew across the room.. It's been a while since I've seen you but love don't ever go anywhere rest easy aunt dody❤️
