“ Gene was a friend, mentor, supervisor, co-worker and so much more to me and so many others.

I've known Gene for many years and from a young age, as I would often go to work with my dad in the summertime as a kid, at Aireco. Gene came to ACI with Mike Porter when I was a second year apprentice and was always a steady hand. He never got frustrated with all my questions, he never hesitated to share a trade secret and was always available to work through a problem.

Outside of work, we always talked about baseball since we both coached and shared a love for the game. A quick call or in person conversation about work would oftentimes shift to an hour plus conversation about many other things! I will miss that most, just the calls and talks about nothing in particular and sharing a laugh. Golf trips to Myrtle Beach are other memories that will last forever.

I will always remember the conversation we had in September when he shared his plans to retire and asked me to succeed him. We had spent the last 18 years building our division with all the other guys and I was excited and honored. I'm grateful that I got to express this to him. I wanted to make him proud and will always strive to do so.

Gene was a good man, a family man and a role model to all the young mechanics. He was taken from us way too soon but he certainly had an impact on many during our time with him.

Susie, Ryan, Sarah and Reed, I'm so sorry for your loss. If there's ever anything I can do, please let me know.

“ We have been friends with the Norfolk’s since way back St. Mary’s Bryantown. Ryan was in our youngest son (Billy) class and Sarah was in our oldest daughter (Bridget) class. Gene and I coached a lot of youth sports teams and Gene always had the kid’s best interest at heart.

Gene was the kind of friend that you might not see for several years just because how hectic life is but was so easy going it was like we had just seen each other last week. Gene will be missed and the world is not as good a place without him.

The Looney’s are sending our thoughts and prayers To Gene and the Norfolk family.
