“ Dear Grandma in Heaven,
I will miss all the memories we shared. I have 43 years worth being the first grand child. I still and alway will cherish the blanket you made me. I still sleep with it. One of my earliest memories was when you read me the book the old woman that lived in a shoe had so many children that she didn't know what to do.... when I reflect know you being a mother , aunt, sister, grandmother, great grandmother, daycare provider you were strong and knew what to do. You were knowledgeable in so many things. Especially when it came to plants. You were like the encyclopedia of plants and flowers. I enjoyed our lunch or dinner dates to Stoney's. You were always supportive of me in my goals and career. I enjoyed our talks about life, history and plants. I have something special planned in your honor this spring. You will be watching down on me from heaven until we meet again. Say hi to Dad and Grandpa for me they will take care of you.

Love always ,
Shirley Marie Douglass

“ I can not forget all the wonderful memories that we shared with her over the last few years it was very difficult for mom to get in and out of the car but she would go to the farm to get flowers and vegetables and would tell me which ones to get from the car. she enjoyed going to ocean city watching the ocean and seagulls from our ocean view suite. picking apples in Delaware. To getting a scratch ticket here and there and most of the time it was a loser and going to eat a crab cake @ stoney,s and never leaving without saying that was the best crab cake she ever had. she also enjoyed the times she went to the baseball Games. she also enjoyed fireworks. she was sad that she couldn't get to dads grave and I would say watch this and drive to it she enjoyed those things very much and I would do anything just to have one more day with her and I dearly miss her.
