“ *One of the fondest memories I have is when we went to the Toney house around the corner from where we lived in Southeast. Brother Toney played football with us let us watch TV and fixed banana sandwiches (the first time i had ever had those before). They were surprisingly good. I believe this was when my dad took my mom to the hospital when my baby sister was born. He was always very generous, kind, hospitable and protective. You will be missed my dear Brother Toney. I look forward to seeing you again in paradise.*

“ *I will never forget the time in the early 70's when I rode with you from Richmond to Buckingham. You drove ok leaving Richmond but on our way back you drove like a wild man. When we got to Richmond I told you I would never ride in a car with you again. That incident was burned into my memory. I also can recount the fun we had fun playing high school football and getting home after practice and our first two years at Virginia Union. You were a fun to be around and will be greatly missed. Rest in peace my brother.*
