“ So sorry to hear about Gloria passing. I wished I knew we definitely would of been there for her and her precious family. She was one of the best. She gave me so much support during my Mother's passing; I can not thank her enough. It hurts me so that I was not there to give my respects to Gloria but in my heart I know she knows how I feel. “ Gloria was great to chat with. She had many ideas when thinking about the world and what we could do. She really was a philosopher. She could be serious and she could be funny. My time with her became special when we prayed together. She was a joy!

“ *I met Gloria when I was hired to work at the Naval Research Laboratory in 1978. We had some fun times and some **PRESSURED** times with the meetings that we arranged for the scientists. We enjoyed the fun times outside of working at the Lab - making trips to the beach at Ocean City, MD where 10 or more would bunk in a friend's condo. Strong friendships grew out of those days.*

My condolences to the family - Gloria was a treasured member of the family and all her activities in different organizations plus her personal friendships as well.

“ Our deepest condolences. We were so sorry to hear of Mrs. Carpentier's passing. Only recently saw Deborah and Kathleen at the hospital to visit her. I always remembered her from church as such a nice lady, and always there to help with school functions. May she rest in peace.

“ *Shari Songy. Gloria was one of those people you instantly like. She was also one who, if she said she would help with something, she was there. I met her as "Kathleen's Mom" when Kathleen joined my Brownie troop. She was always ready to help when needed, and Kathleen was active in the troop through the Catholic Church's Marian Medal a high achievement. Gloria was a special person dedicated to her faith, family, and friends. She will be missed by all who knew her. Blessings and rest in peace, Gloria.*

“Gloria was one in a million. I will miss her yearly trips to Florida to visit and glad she was able to cruise with us for the first time two yrs ago. She always brought chicken eggs with her when she came to visit I told her she must have squeezed the chickens to have so many eggs, from so few chickens. She had a heart of gold. She will be missed by all her friends in Fort Myers.

“ I have fond memories of "Mrs. Carpentier" as I was growing up and playing with her children; Kathleen, Billy and Deborah. She was one of the neighborhood moms and all of them worked to help keep all the kids on street from getting into trouble. I still don't fell old enough to call her Gloria even though I'm 52 years old. - Lydia (Kennedy) Berry
