“ Gwen,
Where do I even start? I know you have told me since your journey began, that you had only 2 roads, one to treatment and recovery and one to your Lord. You always said “ I’m good with either one”. But who knew those last words you said to me “I love you more” and 28 minutes after I left that room your Lord came and took you! I know you are dancing in Heaven, I know your with Bob, and MOST of all I know your no longer in pain. I know you Loved me with your whole heart. I promise I WILL fulfill all of your Wishes, and I know that WILL causes some ill feelings towards me but YOU know I can handle any thing thrown my way! And I WILL support Danny and stand right by his side to help when he fells he can’t take another step. Your friends have ALL stepped up and we are all sending you home in style. BTW you WILL have those Doves just like you wanted I made sure that you had them. BUT you have 3 not just 2 because that’s what WE decided. I know your in Heaven looking down on us and I know you SEE EVERYTHING that is happening . The support that Danny has received is nothing short of Amazing. It shows how truly loved you guys were . In This time of need shows those TRUE friends who adores you. GooseBay family, Fire Department family and Chirch family. I’ll love you forever!
