“ I just read of the passing of my Surrattsville classmate and fellow piano student of Eunice Wilson Greene. I had just received a picture of a group of piano students he was in with me and wanted to send it to him. I remember him as a terrific pianist! Deepest sympathy to his family and friends.

“ *I met Mr Payn in 2006, when my son Tyler first stepped on his bus. Throughout the years we kept in touch, visiting me at work, always making sure to ask about Tyler and how he was doing. He was always so excited to hear that Tyler was doing great, and even came to Tylers high school graduation party. When my son enlisted in the Marine Corps, Mr. Payn was always commenting on my facebook statuses with encouragement, and was so proud when Tyler graduated book camp. Thank you Mr Payn for your friendship, thank you making sure my son always made it to and from school safely (for the 2 years he rode your bus), and thank you for having a heart of gold. I wish I could find pictures of Tyler on your bus, but for now, Ill leave these from his graduation party.*

“ It was good to see Byron looking very content at home on the water when I saw him last week.

It had always been on my list to ride my Harley out to the Grand Canyon. I had just left Verizon in late 2010 and Linda and Byron were riding out to the Grand Canyon in the summer of 2011, and they let me tag along. We had a great ride. We did 6,000 miles, the longest I have ever ridden in one trip. The scenery was beautiful. Grand Canyon, Hoover Dam, Monuments National Park in Utah, the Petrified Forest, Moab with the restaurant on top of a steep hill with a loose rocky ride all the way up. One of my best memories. Thanks Byron!
