

J. David De Leon

July 19, 1958 - May 17, 2023

Jorge David De Leon, 64, of Bel Alton, Maryland, passed away on May 17th. He passed away due to an accelerated degenerative neurological condition. Just like he dealt with all experiences in life, David managed his illness with strength and grace. On his final day, he was surrounded by his wife and children, who he adored more than anything else in the world.

In his younger years David was an Olympic Weightlifter who represented his hometown of Puerto Rico in many international competitions where he won numerous awards. David graduated from Universidad de Puerto Rico, Mayagüez Campus and went on to become a Mechanical Engineer who served 34 years working for the Department of Defense, US Navy.

In his spare time, he loved spending time outdoors working with his cars and tools fixing, building and inventing anything that came to mind. Spending time with his family was of utmost importance to David and he devoted much of his life loving his family and helping others.

He was compassionate and loving to his wife Yolanda, as well as an incredible father to his daughter Stefanie and son Ricky. David was truly a great man, husband and father whose impact will be forever felt by his family, that deeply loves him. David led a remarkable life always helping others, expecting nothing in return and with a highly energetic outlook that was contagious to all

those around him. Aside from being survived by his wife, daughter and son, David also leaves behind his brother Porfirio De Leon.

“ David was a kind, hardworking, dedicated man whose energy and enthusiasm would light up a room. He was a joy to be around. I am sure God put him to work right away as David could never sit still down here. Praying God will send comfort during this difficult time.
