“ *It is with deepest condolences and sympathy to Joanne's many friends and family members. I have known her since she was just a little sweet and precious baby girl. I am overwhelmed with grief just knowing she was taken way to soon. May the good Lord wrap his loving arms around all of us who are mourning and bring comfort to help us get through her great loss. R.I.P. Pretty lady until we meet again!!! <3*

“ My ride or die. We had big plans you and I. We laughed. We cried. I will never get over losing you. You kept me balanced when i didn't know how. I never did you wrong, only loved you. You now see it I know you do. Please send me a sign to let me know you are at peace. Please. I love you Jojo. This is killing me. A huge part of my soul is missing. You knew me better than I did. You were so happy for me when Nick came into my life. You loved him like a brother. He loved you so much. He says if it wasn't for you we might not be together today. I don't know how to do this life without you. I knew we'd sit down and get shit right again. I love you.
