Johnathon Richard Crowley Jr.

03/08/1992-04/27/2021

Forever missed by those who loved him.

Johnathon is survived by his mother, Tracey Lynn Graves; his mamaw, Elizabeth Louise Graves, whom he loved with every inch of his soul; his grandfather, Ronald Gerald Graves, who Johnathon considered a father figure since John's biological father passed away when he was only 6 months old (1992).

John is survived by his son, his pride and joy, Aden Micah Crowley, 2 years old. He loved Aden so very much. Aden was his life! Aden always enjoyed spending quality time with his Daddy. Johnathon was such a great father to his little boy. Survived by Aden's mother, Ashley Elizabeth Enstrom, who was with him for almost 13 years of his life.

Johnathon was also survived by his seven brothers and sisters: Triston Blake Kilinski, 23; Sierra Jewel Kilinski, 22; Brandon Keith McGowan, 21; Casey Ryan McGowan, 10; Aspen Nicole McGowan, 7; Sarah Louise Bentley, and James Daniel Bentley.

He is also survived by his Aunt Sherry. He loved her with all of his heart. She

was the closest thing to a mother besides his own mother and his mamaw. Johnathon always said that he wanted to be just like his uncle Ronnie Graves. Ronnie was with him almost every day of his life.

Scott McGinn was Johnathon's closest friend. They spent so much time together over the past decade playing video games and watching movies.

John had a heart of gold and he loved his family so very much. He would've taken the shirt off of his back for anyone that needed it. As you can imagine this is very hard on all of us but everyone who knew him and loved him is welcome to attend his services.

“ *Dear Jonathan,*

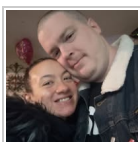

It is quite difficult to imagine that I, along with your family and friends would have to experience a time like this. You were such a bright, intelligent and unique individual who we coincided with. Ever since I can remember you were always the good hearted person who would love to have a great time and would always go above, beyond and all out. A heart of gold and as strong as steel. So brave and would always stand up for what you believed in. Your perspective on life was captivating and sincere, always straight to the point with no offenses to how you truly felt and what was really good. My two younger brothers and I have known you since elementary school, to teenage years and then adults. You were like a brother to us and we will never forget that. Skateboarding, stunts, Concerts, photography and film were many phenomenal experiences that I shared with you. I love you man. Until next time.

“ Johnathon was the type of bestfriend anyone could of asked for. Me and him we're literally like brothers, I never could of imagined that this year, I would be saying my bestfriend and funeral in the same sentence. I remember the very first time I hung out with him when I was 7 years old on my back deck to the very last time I hung out with him watching the new Mortal Kombat and Godzilla vs Kong movie. I'm very grateful that I was your closest friend up until your passing and that me and my brothers got to be your bestfriend growing up. Some of the best childhood and teenage memories were involving you. Johnathon was the type of friend who would always have your back and was never afraid to stand up for others and for what's right. He was one of the main reasons why I got into rock and metal music and I'm sure is heck gonna miss jamming in his bedroom or going to store blasting the car stereo. I'll miss the cookout and backyard fires too, anytime we did that it was always a blast, I'll miss riding to store to grab a beer with you, you showing me different types of artists and movies. There's so much things that I'll miss about you but most of all, I will miss you and your presence forever bro. I wish we can chill for one last time, love you brother.

“ *Johnathon and I were so close. We were together all the time. I remember being a little girl and I was obsessed with his music and singing. I would sit and listen to him for hours. Our walks around the neighborhood, our car rides around town. He was more like a big brother to me. He has taught me so many things. He protected me, showed me how to be strong. He will always be in my heart and he will never ever be forgotten.*

“ *It's hard to accept this cuzzo. I looked up to you when were growing up. You influenced a lot of who I am today bro, my style and music taste had a lot to do from you. Music is where we bonded the most. I remember you showing The Amity Affliction to me and my mom. That was are jam when we were together, and now I listen to their songs on repeat. I miss and love you so much... Words can't describe how badly I want you back.. Rest Easy Brother. You're forever in my heart.*
