“ *My heart hurts for Dad but I know you are breathing easy now. I have been thinking about some of our trips together but my best memory is from our Myrtle Beach trip. I enjoyed watching you and Dad tease and laugh together and it comforted me to know you truly loved each other. I know he cherishes the years of happiness you have brought him.*

“ *Joye used to come over my house on her way home just to say "HELLO". She would make me laugh no matter what my mood was. I know in my heart God has taken her to become a loving guardian Angel to watch over her family that she loved so much.*
