

Dr. Kenneth Ivan Cunningham, M. R. C. V. S.

April 10, 1952 - June 2, 2024

Dr. Kenneth Ivan Cunningham, M.R.C.V.S. 72, of La Plata, Maryland, passed away suddenly on Sunday, June 2, 2024.

Born on April 10, 1952 in Ballyclare, Northern Ireland, he was the son of Thomas and Catherine Cunningham. He was preceded in death by his parents and brother Robert. He is survived by his wife Jane, sons Owen and Brett (Sarah), and sisters Aileen and Maureen. Dr. Cunningham was a long time Veterinarian who owned and operated the Animal Clinic of La Plata. He attended Trinity College, Dublin Ireland where he received his membership into the Royal College of Veterinary Surgeons.

Ivan, as he was known to his family and friends, was a passionate veterinarian who also found time to serve his community. For many years he was involved with the Humane Society and served on the Animal Control Board of Charles County. Other passions were mentoring youth through the Boy Scouts of America where he received the Good Scouter Award in 2012. He spent many happy times enjoying the outdoors camping, hiking and biking.

His real pleasure was being the caretaker and confidant to his many loyal animal clinic clients and furry patients whom he considered family. His compassion and kindness will be greatly missed by many including his dedicated and loyal clinic staff, friends and family. The lives he touched in our

community were vast and too wide to be fully realized.

Ivan's family will have a gathering of friends and family at 11AM until the time of service at 12 Noon where all will be welcomed on Saturday, June 8, 2024 at the Grace Lutheran Church, 1200 Charles Street, La Plata, Maryland 20646. Interment will be private.

In lieu of flowers, memorial contributions may be made to the Humane Society of Charles County or to Community Services for Autistic Adults and Children (CSAAC).

Online condolences may be made on Dr. Cunningham's Tribute Wall at www.raymondfuneralservice.com

“ Jane,
Cheryl and I are so sorry for your loss. Our words seem such a weak and fruitless attempt to relieve your grief at this overwhelming loss.

Ivan and I spent much time together with Boy Scout Troop 1321. He was a wise, quiet leader and mentor. While being quiet and thoughtful, he would make a stoic joke. I couldn't begin to count the multitude of Scouts that he taught to be men.

To Ivan - thank you for the chance to know you. I has been my true honor. Rest well my friend. Rest well. We've got it from here. NFTB

“Stuart and I (Frances) are so, so sorry to lose Dr. Cunningham. He was a wonderful man, one of the three finest veterinarians I have known in over 40 years. We trusted him implicitly with the care of our cats and our late dog. He had been nursing our kidney-failure cat through 18 months of repeated attacks (which should have killed him a year ago!), so we saw a lot of him lately. He always listened to what I had to tell him about my pets' health, and what I had found out when researching treatments online - not many vets understand how much the pet owners' know and understand; he did.

He had a wonderful face, and a smile that lit up the room, one we saw only two or three times. It became almost comical at times, with me picking up more medications and saying to Dr. Cunningham, "He's still alive!" And Dr. C. knew who I was and who I was referring to. What a memory! I don't know if I'll ever meet another veterinarian as skilled and knowledgeable as he.

I wish I had had the chance to invite him to a backyard picnic and get to know him better.

My thoughts are with Mrs. Cunningham and his family and friends.

“ I’m heartbroken and shocked to hear of the passing of Dr. Cunningham. He was the most caring, compassionate and humble Veterinarian I have ever met. I remember when I had to bring my Shepherd in to be euthanized, and Dr. C came out to my car and carried her in, because she could no longer walk. I’m praying for his family, and the staff at the Animal Clinic of La Plata.

Oh, how Dr Cunningham loved animals. I believe all dogs go to Heaven many of whom will greet Dr. Cunningham at the Gates of Heaven. The world has lost a wonderful man who was a very fine Veterinarian. Thank you for taking such good care of my little dog Millie. You will be sorely missed by the canines of LaPlata and their owners.

“ My wife Pat and I are devastated to hear of Dr. Cunningham’s passing. We can’t begin to imagine the pain his family must be experiencing right now. We wish them peace and only the best memories of a man who was not only a pillar of our community, but a caring family man and devoted doctor for us all.

We have been bringing our dogs to Dr. C for 20 years. His reputation preceded him when we moved to the county then. He’s counseled us and helped us with all our “lost” causes. There have been more than a few times when we were thinking with our hearts instead of our heads but he looked us in the eyes and told us that if we wanted to try he would help us. I remember bringing our rather young mutt of a dog to see him because of a lump on the dogs neck. He knew right away what it was and he shook his head and said quietly, “it’s just not fair”. He referred us to the best surgeons and specialists. He knew the cancer was most likely fatal but, he knew we wanted to try and so he helped us. That pup managed another 3 years although he succumbed to the inevitable.

We also got to know the fun side of Dr. C. Driving the dinky little car in the Veterans Day parade and being able to laugh at himself. We saw the generous side of him with the sacrifices he made with the county animal rescues and other charitable causes. He set a great example as someone we could all emulate in some way. He will be missed sorely by so many people and his family can be proud of his legacy.

“ David and I are deeply heartbroken to hear of Dr. Cunningham's passing. We have been taking our pets to him for many years and he took such wonderful care of them and we trusted him completely. If there was ever an emergency with one of our cats, as there was just last week, he would always fit them into his busy schedule. He was truly a wonderful, compassionate and caring person and we will miss him terribly. Our thoughts and prayers go out to Mrs. Cunningham and family, the staff at the Animal Clinic and all of his clients. May you rest in peace, Dr. Cunningham.

“ My sincere condolences to Dr. Cunningham's family, loved ones, and staff. He was very special as we all know and experienced. He was one of the best who not only treated and healed so many animals, but deeply cared for the animal's well being. I've heard so many wonderful stories about him, know that some clients travel far to his practice, and see that he's formed a community of people who are close to him. I'll never forget my first visit with my new pup - Dr. Cunningham thanked me for adopting him! No other vet has ever said that. During examinations, I could see how deeply focused he was on what he was doing as he proceeded through the exam; it was something extra special I haven't noticed with others. RIP Dr. Cunningham and I hope you knew the impact you had on so many over the years.

“ To Jane and Family, the embers of our campfire burned low last night as we learned of Ivan's passing. So many memories, the unswerving support for our children, the comradeship of a thousand cool nights under the stars, and even the unmitigated delight of sharing a visit to our farm's newborn lambs. Steady, keep the pace for Ivan, we shall build the fire bright tonight in his memory.

“ To the Cunningham family, Jane and sons, we send our deepest condolences.

Dr. C was our vet since 1982. He cared for our pets when I was a teen, as well as my Aunt's pets, and then when I moved out and had my own animals, he cared for them as well – for 16 years. As a matter of fact we adopted Max from the Humane Society and Dr. C recognized him the first time we brought him in to the clinic, because he had cared for him while at CCHS. If it wasn't for Dr. C, I doubt our Ceasar would have made it to 6 months because he was sick when we got him from a deficient breeder at 8 weeks. Thanks to the excellent care of Dr. C (and staff), he lived to be 14. I know there are testimonials like this all over MD.

While Dr. C had the knowledge and skills to care for so many different animals and treat many different ailments, including groundbreaking advances in technology/medicine - I believe his honest caring and compassion is the special sauce that made all the difference. He knew his patients and cared for them well – day and night. He helped us when there were tough decisions to make, and he sent a hand written condolence letter after the passing of our dogs.

Such a beautiful spirit, a beacon of light in this world. A good vet, yes, but he was also a good person. This devastating loss reverberates within the community that he served for many years. And while this loss is difficult for us now, I can only imagine the tails wagging, tongues lolling and cats purring - greeting him on Rainbow Bridge.

Sending prayers for all who knew and loved him, including family, staff at the Clinic, patients, and friends.

“ Dr. Cunningham and staff have taken excellent care of our many pets for quite a number of years past. Although not always encountering Dr. Cunningham on my visits to the Animal Clinic, when I did so encounter him we always shared information on the happenings in our native island. It's truly depressing that the good people who inhabit this planet are taken from us with no logical reason while those whose goal in life is the defamation and destruction of others, carry on without care or conscience dying peacefully in their beds.

I'll never forget his friendly cheer that he shared with us and all his clients, nor the deep care and compassion he always showed when the news wasn't so great. Even though I ultimately pursued something other than veterinary medicine, I've always been grateful of the opportunity I had to work under him and learn from him. “ Dr. C. has been our vet, our friend and the one to offer comfort and guidance during the difficult times when our animals were at their own end, For over 4 decades, the countless visits to our small humble farmstead with horses, dogs, cats, goats, peacocks (although we never did catch them buggers to get them checked - was fun trying), 😊 even employing our son while he pursued pre-vet studies at UMD. Every memory a good one, even in the hardest of times, Dr. C., with his kind heart and friendly demeanor could make the roughest day better. The emptiness left behind is a testament to how important he was to our community - he will forever be missed. My deepest condolences to his family, his friends, his clients. “ I, too, was heartbroken to hear of the passing of Dr. Cunningham. He saved my mother's cat, who is now my cat, from a severe allergic reaction in 2021. Knowing how hard it would be for my elderly mom to lose KiKi, he worked to save the cat for two weeks. I believe other veterinarians would have quit and put the cat down. He saved KiKi and I was able to bring the cat home to mom. The word I use for Dr. Cunningham is Hero. He was a wonderful man who cared about every pet and pet owner that walked in the door of his clinic. My deepest condolences to his family and the staff of LaPlata Animal Clinic. Rest in peace my dear Dr. Cunningham.

“ We were so sorry to learn of the sudden passing of Dr. Cunningham. We send our deepest condolences to Jane, Brett, Owen and family. Dr. Cunningham was a wonderful veterinarian and a staple in the Charles County community who gave myself and many others the chance to learn about the veterinary field. He also gave me a place to start the small animal portion of my career and I will forever be grateful. Rest easy!

“ Deepest condolences to Dr Ivan Cunningham's Family! The world lost such a great and wonderful man and veterinarian! I met Dr Cunningham some 40 years ago when I started taking my furbabies to his practice. I always knew he would be honest and give them the very best care. We talked about the nature of healing animals give to people and the respect the animals give in return when respected, that always designated with me and today I have a therapy farm for people and rescued animals! I will definitely be planting a tree in honor and memory of him. May you RIP Dr Ivan Cunningham 🙏
You will be greatly missed,

“Well done, good and faithful servant.”
(Matt. 25:21)

I first met Dr. Cunningham more than 40 years ago. He was a young man setting up his Veterinarian Practice in the Hawthorne Shopping Center of La Plata. Over the years he gave our family of cats and dogs expert care with such compassion and love. He treated them as family. It was our great honor and privilege to have known him. He has blessed so many. “Enter thou into the joy of thy Lord.” (Matt. 25:21)

“ We are incredibly saddened to learn about Dr. Cunningham's passing. He welcomed our little puppy Coco with open arms and was such a kind and generous person. Without his guidance, we would have had a tough time, especially in those early days when we first brought her home. He was also great with our children-- explaining everything he did and letting them hear Coco's heartbeat. They loved it. We are sending our deepest sympathies to his family, friends, coworkers, the entire clinic, and everyone who will miss him. Sincerely, The Jespersens

“ We offer our deepest sympathy to Jane, the Cunningham family, and everyone at the Animal Clinic of LaPlata. No one was kinder and more compassionate than our beloved Dr. C. For over 25 years he and his wonderful staff cared for all our dogs as if they were their own pets, even our very challenging, troubled boy Buddy. Dr C seemed to have a twinkle in his eye every time he scolded us when the weight of a dog crept up - he knew we spoiled them too much. He wanted what was best for each pet and each owner. We're certain that he was met at the Rainbow bridge by many angels - all the people and pets who love him. Thank you, Dr. C, and God bless you. We'll miss you and we love you.

“ I am heartbroken by the loss of my dearest vet. He has been taking care of my animals for 45+ years now. He saved my cat, Patches, who went missing for 9 months and was severely malnourished. That was my first encounter with him. His compassion for animals was evident. He was doing what he loved to do. I recently moved to Crofton and continued to bring my cats, Jack and Lex, to him because there was no other I would trust. My heart goes out to his family, the clinic and everyone else who is heartbroken at this sudden loss of a wonderful man. 🙏🕊️💔

“ I worked for Ivan for 18 years. He was the best Veterinarian in the area. I started working for him at his little office space behind Pizza Hut in La Plata. I walked in there and asked if he was hiring and I started the next day. He gave me a chance with no experience (that's the type of person he was). Howard was his right hand man , retired service guy, and boy did he show me how to mop floors the right way. It was just us 3 for many years in that small little space untill it was bursting at the seams with clients and pets of all kinds. Jane would come in and lend a hand when the goats would come in for disbudding- we did everything. Jane would make Dr. C lunch everyday and bring it down to him and stay around and we would talk, we were like family. My grandest memories was the wedding shower he threw me at the clinic on Glen Albin, they filled the dog tub up in the back with tons of soapy bubbles (probably dog shampoo) and he literally picked me up and plunged me in the tub. He was there at my wedding and then him and Jane came to my daughter's wedding in New York. He taught me everything I know about pets, and being kind to everyone and everything. He was the Dr that everyone wanted to see, and the office stayed open late in the nights untill the last pet was taken care of. His generosity was huge. My heart is heavy and goes out to Jane and the boys. May the sun shine warm upon your face, the rain fall soft upon your fields and untill we meet again may God hold you in the palm of his hand.

“ Sincere condolences...
Dr. Cunningham was our family’s vet from 1982 - 1994, taking tender care of our Spitz breed dog, named “Champ”, from puppyhood to his passing at age 12. We were devastated to learn that Champ had a terminal tumor and Dr. Cunningham was so kind and empathetic through the process of letting him go via compassionate euthanasia. “ 'bout the only time I ever took gettin' chewed out well was by Dr. Cunningham after he saw our miniature dachshund, Lucy, just after we brought her home from the Charleston, SC, SPCA. The first time that Dr. Cunningham saw Lucy, he said that she was a good weight and that we should try to maintain it; but when I took her back soon after her first appt. for more shots or something, she had gained something like 3 pounds. Dr. Cunningham was not happy and asked me for the reason for Lucy's weight gain. I told him that my husband had been feeding her from the table. Dr. Cunningham said "Shall I talk to him?" I chuckled and said "No, I'll talk to him." Dr. Cunningham loved our dogs--even taking up for them when we parents didn't do our jobs--and I loved him for it. Prayers for Dr. Cunningham's family and for the wonderful doctors and staff at Dr. Cunningham's office as you grieve. We grieve with you.

Like so many others in the community, we depended on Dr. Cunningham to help our fur babies whenever those babies needed medical care. Dr. Cunningham also dispensed emotional support for those who were coping with the loss of a beloved pet. Thinking about all of our fur babies who have crossed the rainbow bridge during the past 48 years, I cannot imagine their having received better care than that given by Dr. Cunningham. He is irreplaceable. The only consolation is imagining how many fur babies were waiting for him at the rainbow bridge when he arrived. “ We met Dr Cunningham over 30 years ago, our pup Gizmo hurt her hip chasing an animal in our woods, she treed it & in the process hurt her hip, Dr C did surgery on Thanksgiving day, the bill was \$150.00. He fussed at us because we didn't bring her in right away, we thought she was faking! Wonderful man, he will be missed, now he is visiting the pups at the Rainbow Bridge & of course Jesus!

“ I am truly devastated by the loss of this most dear precious soul: He was one of those rare humans whom God uses to remind us of compassion, kindness and gentleness .He was our vet until now and has been for many many years.He walked us through the loss of beloved pets, taking the time to call personally. Just a few weeks ago, I was in the office picking up food and there Dr.Cunningham was carrying a very large dog out to an elderly gentleman's car: how thoughtful and kind . We will miss you terribly! There will never be a replacement..Heaven has gained a saint . I think you are there with your furry friends loving them .Rest well kind sir

“ Dr. Cunningham took care of our animals for years until we moved out of the area 20 years ago. He was always kind and compassionate with our fur babies. I will always remember his kindness and humor. He often had to lecture me about my animals being too well fed and even gave me the dreaded “obesity pamphlet” more than once. 😊 Rest in Peace Dr. Cunningham. You were one of a kind. ❤️ My prayers and deepest sympathy go out to his family 🙏🙏

“ Dr. Cunningham was one of the most kind, caring, and compassionate people I've had the pleasure of knowing. He took good care of our pets for many years. It was always a relief to see him walk into the pet's examining room. You just knew, he'd always do his very best for a good outcome. My children went to school with his son in LaPlata. He was always so gentle and respectful. He will be greatly missed. My condolences to his family. Sharon Farri

“ We were devastated to hear this news. Dr. C saw us through close to 40 years of animals, healing when needed and comforting when nothing else could be done. He was an angel. Best. Vet. Ever.

“ i will always love and respect ivan. ive been with him ever since he opened his office in la plata. the world has lost a very kind and compassionate man i had a pet deer at the time and he and my father in law had to trim her hooves. when ivan came down to my farm to innoculate her. i will never forget his comment to me. ive been stepped on by many animals now i can say i was stepped on by a deer. id like to think i sent him a lot of business because of that. jane owen and brett. our prayers are with you. please know that your husband was very well loved in the community. Bobby and i will miss this great man. i know he is at rainbow bridge with all the animals.

Ivan Cunningham, a gentle giant, devoted vet, and caring friend - tending to the health and wellbeing of 14 of our dogs, over 35 years, saving the lives of several over that time. An incredible individual whose passing is felt by us as well as an entire community who share our grief with Jane and his sons, as well as the wonderful staff at his clinic. We are heartbroken.

It is with great sadness that I learned of Dr. Cunningham's recent death. Our cats and dogs enjoyed excellent care for 40 years at the Animal Clinic in La Plata. The staff and other doctors followed his wonderful example and know his presence will certainly be missed daily. Condolences to everyone, especially his family, and those whose lives were enriched by his dedication as a vet including patients, staff, and friends. His legacy will not be forgotten. God's blessings to all who knew him and remember his exceptional qualities. Peace and comfort to his family as special memories sustain them in the days ahead. Sue Schneider

We are so saddened by the death of this great man. He was such an excellent vet to our many dogs over the years and gave all of them such great and compassionate care. We will always miss him and he is enjoying a luxury suite in Heaven with all of the precious animals he cared for over the years. You were that one in a million, Dr. Cunningham. Our sincere condolences to his family. Karol & Bob Hickman
