Lance was a teddy bear. I always called him "Butler". For many years I worked with Lance. Lance wasn't hard to please. If you give Lance a keyboard, some fried chicken and something to drink you didn't have to worry about a thing. Lance loved his music and his food. He loved going to cookouts and spending time with people he knew. Lance will leave a lasting memory on everyone who knew him. Rest easy Butler. You will be missed but the memories you left behind will last forever. Jackie T.
