“ *Remembering you & all the fun times we had together throughout the years. From working together, getting 2 know each other & growing an everlasting friendship; that no matter how long we hadn't seen one another, we'd always pick up where we left off & continue! I will always cherish, think back & smile of our special memories. Charter fishing on Wayne's boat, visiting the lake in Va. (Dan's parents) numerous birthday parties, celebrations & ironically funerals. You are & will always be a special person in my heart... I hope watching your family grow & the friends around us can continue to remember the real you & how much of an impact u made on our little island. FOREVER IN MY HEART. I hope you're smiling down on us & have peace in your soul with all the loved ones that have gone too soon...*
