“ Where can I start? I can remember during the summer as a young child, my family and I would travel to Maryland every year to stay with her to visit family. There's so many memories I can recall . They all are wonderful memories of her. The one thing I will always remember of her is how she loved music and I used to just sit back and watch her dance. She was always up to having a good time. Let me tell you, she knew how to move her feet! I absolutely adored her and will never forget her. She could make some good crabs too. I remember her cooking when we were there and it was always a delicious meal. Only if I could have seen her again. My heart is broken as well. So many prayers going out to my family in Maryland all the way from Tennessee! I love you guys. I'll be thinking about ya💙love always, Nikki Scott 💖

We are so sad to hear about Lorabe and just loved our visits with the family in Maryland. It was always full of fun and lots of playing around when everyone came together. I will surely miss all of that. I wish we could have gotten together for a family reunion before she passed, but like so many things, life just got in the way. We want to send sympathy and virtual hugs to our family in Maryland and let you all know how much we care for your lose of such a wonderful woman. She will be missed! Love the Scott's
