“ *Grandma,
I will never forget all the memories we have shared together. I remember like it was yesterday when I stayed at your house every weekend in my room you had for me at the trailer. You had a sunflower that sang "you are my sunshine", and we use to sing it to each other. I will forever cherish the moments Triniti was able to spend with you. I can not explain the hurt I feel thinking about you not being here, it doesn't feel real to me. I love you so much and cant wait until I see you again.
Love Grandmas girl (Stephanie)*

“ Lucille I do believe you made my calls on base so easy for me, You were always behind every call I had to make to find myself around on Base, Naval Ordinance Disposal, at the time when I moved to Indian Head, 1983, Then after I did not know you were my Boyfriends MOM, You were kind to me from the Start, Years passed , Then we finally reunited and my son Fiancee is your Granddaughter and you and I share today and forever a Beautiful Granddaughter, What was the odds on that, I was so happy to have you back into my life, I loved you because your Heart was always so kind then and it never changed, when we seen each other it grew to a True Hearted Sweetheart . . RIP Lucille,, " I will always honor you and share to Our Granddaughter what a Beautiful woman you were, The Best! Gonna miss you, Teri

“ I remember how much fun we had going to Carey's and then to bingo; We had so much fun. I remember one instance when I won 300 from a scratch off and she went and called Gary without me knowing and here he comes and holds his hand out!!!! We enjoyed going out for crabs, yum yum and our long talks about the Lord and our lives. She will remain in my heart until we meet again. Sister Carol

Oh Aunt LuLu...the fun we used to have growing up. You always called me Chadwick and made everyone feel like they were home when we would come to visit. The crabs and shrimp we ate has to be in the tons, and the laughs in the Millions. Love you Aunt LuLu.

Aunt Lucille- An amazing women all around. Your love for your family and friends was like no other. Growing up you and Grandma (Gertrude Weeks) were more than sisters, you were best friends that no one could separate. You are at piece now and with your best friend. Please give Grandma and Pop a hug and kiss for me. I know they were at the gates when you came through. Enjoy sitting on the porch with Grandma again and telling her she is getting on your nerves. We will miss your laughs, your smiles and your heart, but knowing you are where you belong is the greatest gift of all. We love you and will miss you lots!
