“ So sorry for your loss, Mike. Marcie was always upbeat & friendly whenever I went into the Safety Office. It has been said, "That where ever a good soul has walked, there is a trail of beautiful memories". This certainly applied to Marcie. She may not have walked; but, she certainly left a trail of beautiful memories for all who met her.

“ Mike, we are brokenhearted at the thought of losing our sweet Marci. She has always been such a bright star to so many of us, especially at our class reunions and luncheons and even enjoying our local rock bands. Everyone who met her couldn't help but love her.

You are in our thoughts and prayers.

“ Marci was an amazing person who endured a lifetime of health issues, yet always had a positive attitude, always smiling. She gave back her time and energy and graciousness over and over again. She was our Energizer Bunny, for so long, can't believe she's gone. But I do feel, that she is running and leaping and dancing around with Mom and Dad, Uncle Sal and Aunt Gussie, Aunt Frances and Uncle Rod and so many more. We will always miss you, Marci, but now you can soar with your own wings.
Love, your little sis, Terri

Marci and I were 10 days apart in age and we never missed acknowledging our birthdays. In a lot of ways she was my hero. Always positive always smiling. She has and will forever be in my heart. I was blessed to be able to call her my cousin - and friend. I know she is flying high with angels and loved ones. Until we meet again - love Anita

Marci is in heaven for sure. I don't know anyone more religious than her. God gave her happiness and love for all.

I met Marcia when I attended Star of the Sea school and she was the school librarian. She was not there very long before taking the government job and even only being there a short time she always recognized me. Whenever we met on a softball, baseball field, or at the Indian Head base she always spoke to me. It seemed like she was always smiling.

“ You will be missed, although we did not see each other often, I always new you were there. When we first came to the US and your father and my father worked together, you became my first friend and we had fun playing with each other even though I didn't speak English and you did not speak Spanish. Through the years we lost touch with each other since I moved back to DR after college, but found each other again. I always admired your positive spirit, your joy for life no matter how difficult. It is hard to know that I will not see your daily post in FB, but I am grateful you came into my life and I know that now you are in a better place. My thoughts and prayers for Mike, Carol, Richard and Theresa .

“ My name is Joseph Conner. Marci and Mike were my pals when we were younger. We would go out and bowl then go to Shakey's pizza parlor on weekends. We were in the knights of Columbus together. They had alot of dances. I remember one dance I was sitting at the table with Mike and marci. I then asked Marci if she wanted to dance. Mike freaked out a little because Marci was in a wheelchair. They used to just sit there all night. But Marci said yes. So we danced. This was a good thing because from that night on Mike and marci would dance up a storm on the floor. Marci was a great person. She never thought of herself as being disabled. Nothing stopped her. One time at the ocean City convention she brought her souped up very fast electric wheelchair for the boardwalk with a pole and flag so you could see her coming that was fun. Not too many people know this. Mike and I played a hand of cards to see who would be married to Marci. Marci was in on this. I lost Mike won and he married Marci. I she'd tears when I found out that Marci left us for a place in heaven. But we all move on to that much better place and we will be with those who moved on before us. I will always love Marci and will miss her until we meet again in paradise which is Heaven.

“ Mike and family, we have truly lost a wonderful person. Marci was always fun to be around and I will always cherish our time together in Ocean City, MD during the Knights of Columbus Conventions. I especially remember Marci and I going to breakfast together while the men played golf. We got to spend some quality "girl time" together.

It was about 8 years ago that we had lunch with Marcia and Mike at one of the Taverns in Williamsburg, Virginia. It was a very pleasant and memorable occasion.

I was totally unaware that Marcia had been fighting Cancer for many years. Marcia never complained about her confinement or spoke of her condition.

I was much older than Marcia and met her through Facebook. Never an unkind word spoken. I will miss my Facebook friend dearly.

My sincere condolences to Mike and family. Mike you are one great man. I hope you can find peace in the coming months.

May God Bless you.

Mike and family, I have known Marci for probably 50+ years. She was my sister, Eileen's, best friend and like an extra sister to me. She was the sweetest, most kind and compassionate person I have ever met. Although she will be dearly missed she is now free of the chains that bound her to her wheelchair and all of heaven is rejoicing. My most sincere condolences, love and hugs to all of you.

Vicky McKeon - May 06, 2019 at 07:42 PM

I have known Marci all through my youth throughout life. She graduated with my older Sister. I always enjoyed seeing her, either being out to dinner or an event. She had the kindest heart and contagious smile. Marci I admired your strength and all your achievements. TS. Nothing, not even being confined held you back to strive to achieve for more. Mike, you were/and will always be the love of her life. Love and will miss you friend. I will be looking for you to walk-up to me, when we see each other again. 😊, Janice Wheeler Hedges

My sweet, sweet Marci...No words could ever convey what you mean to me. The memories of our 55+ friendship would fill volumes. Mike you were always such a trooper to make sure we got together! You were truly her Prince Charming as she once told me. As much as I grieve, I also rejoice as there are no more handicaps, cancer or restrictions. You are finally free to run, jump, and twirl! What a day it will be when we can do all that together! Your BFF, Eileen
