“ *To Diane and Family,
I knew Mark from Dahlgren base. We work together in the same building for some time and went on trips due to our job. I will always share those memories of him in my heart and soul forever. I knew that Mark loved his Detroit sports team (Tigers and Red Wings). We always talk about sports. He was an outstanding husband and father to his family. I always get my Girl Scout cookies from him due to Rachel being in the Girl Scouts. There is an angel looking down at us and his name is Mark Sheehan. I will keep him and his family in my prayers. May he rest in peace. I am unable to come for this service on Friday since I am busy at work. God bless to all. Mike McGinn from work.*

“ *So sorry to hear of Mark's passing. Its been so long since we have seen him but the memories are still very clear of the days of his and his family growing up in the Detroit area. The Sheehan gatherings many years ago with Uncle Nick, Aunt Carol, Mary, Moria, and Mark.*

Sending our Best to your Family Mark

“ I know that you, Mark Philip Sheehan, my Good Christian Friend are now content face-to-face with Jesus Christ, your Lord and Savior. You do not have pain or sorrow. You do not pine for this broken world. I know that I will see you again in that Heavenly Kingdom promised by God to all that repent of their sin and believe in his Son, Jesus Christ as their personal Lord and Savior. Rest well my friend.

“ Always will remember Mark, and of course the family, as the super awesome nice, thank goodness they are normal (lol) folks across the way from me when we were all living in the apartments in New Forest. Always had a gentle smile, and just was an awesome father and provider for his family. I miss everyone so much and those times.... My heart goes out to you all: Diane, Matthew and and Rachel. Love you guys so much. You're all in my prayers.....

“ I will always remember Mark as a great, humorous, unique person with a mind of an engineer and his zeal for delicious food. When I worked alongside Mark and traveled with him numerous times, I remember the times. I saw the intellect, the problem-solver, the engineer that was his profession first hand. There were moments that I will always remember. I remember when Norm Visser, Mark, and I went to the college track while on travel to run a few laps and then rested on the pole vault mat. The time the waitress at a Bath, Maine restaurant commented how he was so meticulous in cutting every bit of fat from his steak on his plate. She said that she never saw a customer be so methodical and chef-like as he carved away at his steak. I remember Mark getting angry while working to solve a trouble-some system on a ship to say i had it, give it to us to solve to no avail, and then return to solve the problem. He was a great human being that everybody that to know and liked and that i had the pleasure to know, and a great engineer. I will always be remember you. Your friend and colleague, Jess.
