“ I just want to say that I was blessed to spend a lot of time with you and Marlene through the last few months. I feel it brought us closer and I felt that the three of us could talk about anything which we did and I am truly glad that we had that time. One thing I noticed was that your strength and your love for Jimmy, Nicole and Crystal was what motivated you to push yourself to do things for them as much as your body would let you. Still when your body gave you problems you still pushed yourself to make sure their needs were met. No one could have doubted the love you had for them. I saw the bond between you and Marlene lock in step and the two of you became much much closer during the months. I can see your Mom and Dad looking down on you and smiling and thinking how proud you made them feel to have such a wonderful daughter, wife, sister, and mother yourself. Know that in my heart I will miss you and hopefully we will see each other in a better place one day.

“ I remember so many fun times spent with you, Melinda, when we were kids. Spending time at Mamaw's together, hanging out in your bedroom with you, and my most recent favorite: The time you saw me shopping in Waldorf when I was visiting my parents, and you kept bumping your cart into me to playfully get my attention. I finally I turned around after the fourth bump, ready to tell the person doing it to knock it off, and it was YOU! Both of us were laughing so hard at that. What a surprise to see you in the store that day. I will miss your smile, your laugh, and your kind and caring heart. Love always, your cousin, Patty :)
