“ *Michael will be greatly missed. We had several projects lined up to complete. Some were Pat's and some were his. Michael made my friend Pat very happy. He treated her like a queen. I will always be thankful for that.*

Michael was the most kind, thoughtful and giving person I know. It is very difficult to say goodbye, but I know that he is with God now.

In deepest Sympathy, Gale Maguire

“ *Michael turned their home into one large flower garden. He made my sister so happy with beauty and thoughtfulness everyday. We will miss him so much, we appreciated every holiday card card he sent from them. I would see his beautiful handwriting and say Michael did not forget. When I see a pretty flower I think of him. I never thought that when he called me early that morning and I said, Michael please go to a doctor now, that it would be the last time we would speak. Our family loved him dearly. “ Michael, you were the best with everything you did.

You gave my mother the best years of her life. I couldn't have asked for a better person to have taken such care as you did. I know she loved you dearly.

Mom would call me on the phone and say "Can you come by and help me get dressed before Michael gets home from work"

She didn't want Michael to come home from work and see her in her pj's . It would be at 2:30 p.m. thars one of my memories that used to make me chuckle inside
