“ *So many memories of all the times I spent at your house babysitting or hanging out with him at the office with my mom. He was such a big teddy bear that I will always remember that had a heart of gold. Thanks for all the great childhood memories. My thoughts and prayers are with Sandy and the family during the most difficult and challenging time.*

“ *Doug was like a second father to me. Always there when I needed advice or there to straighten me out if I was going down the wrong path in life. The 2 biggest and fondest memories I have are when I graduated high school. Along with my parents Doug and Sandy were also there to share that special moment in my life. The other memory I have is when I graduated from basic training in 2007. They didn't have to come but Doug and Sandy were there as well. And always worried about me and prayed for me through my two deployments to Afghanistan. Doug you were always more than family to me you were also my brother in arms. Till Valhalla*

“*Doug was always the first to offer to help you out, even if it was just needing a ride home because we all drank too much, he would jump in the car and come get us. Amazing man and amazing family. I am lucky to have known him.*”
