“The Charlotte Hall Gift Shop volunteers are going to miss Michele's visits. She didn't always come in to purchase anything, but she always had a smile on her face and words of wisdom to share. She was always very positive and kind and she will truly be missed. When she knew family was coming to visit she would stop by to make sure she had a treat for her kids and grandkids. Michele was so proud of each of you. You are all in our thoughts and prayers.

“ I loved reading the obituary by her family. Michele was a person who was full of joy and zest for living. I loved her enthusiasm for doing puzzles, getting together with the other residents and patients for whatever activities were being presented & wearing her holiday attire etc. She loved her grandchildren and children with all of her heart. In addition - I believe she completed a great mission during her stays in all the different care facilities. Her mission was sharing the gospel and bringing happiness and light to others. There are few people who could do that under similar circumstances. May each family member be comforted and blessed during this very difficult time. Michele was a beautiful and loved lady.

“ I know Michele from Restore Health. She was there the four years my mother Patsy Edinger was there before she crossed the veil. I spent a lot of time talking with Michele and trying to help her in any way that I could. We had a lot of wonderful conversations about the Lord. I was staying in touch with her after she moved to Charlotte Hall's Veterans Home. I am praying for all of her family and friends who are missing her deeply. She is a beautiful woman and will always be. May the joy she shared remain in your hearts and bring a happy thought instead of a sad one. God bless you!
