“ You were more than my Nama, you were my Mom. I'm so grateful for all of the memories and the closeness and bond we shared. Growing up with you were the best years! I take comfort that the last words you said to me were "I love you" TWICE. I love you too Gram, so very much. You molded me into the strong person that I am today. You loved with your whole heart, something else I learned from you. God knew you were tired... no more pain, suffering. You were one tough cookie angel, now rest. It's not goodbye, it's see you later <3

“ We love you so much and will miss you much Aunt Mildred. You were a second momma to me and our families were so close because of you and momma being identical twins. I know she went to Heaven 9 months ahead of you but I know you both are together again, smiling and being our angels from above. From our Gale, Hill and Piper families we love you so much. ❤️
