“ I did not know Myrtle but she was my great aunt. I am her sister Dorothy's granddaughter. I was doing some research and came across this page. She sounds like she was a very special woman and I am sorry I didn't get to meet her. I actually saw her sister Florence today after many years. If you'd like to get in touch, I'd love to hear from her family, patkcurran@gmail.com

“ Grandma I love you and miss you so much. I honestly don't know how I'm going to get through this but I know I will. I know I have to and I know you wouldn't expect or accept anything other than that from me. I know your hair is forever perfect and the machines up there are never broken. Truth be told nobody knows what the afterlife is or if it is even a thing. All I know is that I hope you are at peace. I know you are pain free and that helps me. I can't wait to see you again and when I do we are going dancing. I love you today, tomorrow, forever and always.

“ I had alot of good times with you Myrtle - enjoyed every one of the times we shared. Things kinda just fell apart after a while and I have missed you terribly. Tried to keep in touch but I suppose I didn't do a very good job of it. When I was called about your passing, it was then that I found out about Mike. Guess I have been out of the loop for quite a while. I hope you are resting well in the arms of the angels Myrt - think of you often and with fond memories. God bless you - I love you -

“ Grandma, I am so thankful for the times that we spent together in the past few years. You meant the world to so many, including myself and although I don't have alot of memories of you from my childhood, the memories I have from the past few years will live in my heart forever. I know you loved me as you told me so many times and as your #1 and first born grandchild, I loved you so much and will continue to love you forever. May your beautiful soul rest easy. I miss you so much. ❤️🙏
