“ *Our deepest sympathies go out to the Pirner family. We remember fondly her amazing ability to create works of art through our dance costumes over the years, and her endless support and encouragement for Calvert School of Dance. She will be so incredibly missed.
Love always, Kristen & Chris Thomas*

“ We remember seeing the Pirner family in Church. So sorry for your loss.

It has been said, "Where ever a good soul has walked, there is a trail of beautiful memories".

Nancy was certainly a good soul!

So sad at her loss.

“ *I had the great blessing to have Nancy as both a colleague and a friend. We both taught 3rd grade at Middleton and during that time I was lucky to have her teach 2 of my daughters. The students all loved her as she had an amazing way of always connecting with them. I even remember her getting into the Pokemon craze and trading cards with her students! We had so much fun during those years- putting on Talent shows, planning field day, going to Pirner Farm and much more. Nancy never did anything halfway and she put her heart into everything did! I then was fortunate to have her as my VP at Wade for many years. She continued to always be the person I could go to with any situation. She was an amazing lady and will be greatly missed. My prayers are with her girls.*

“ I will miss this perfect example of a lady. She used to babysit me as part of the babysitting co-op our families were in, her husband used to call me “Attitude” during my lovely middle school days when he would hang out helping my dad on the farm, her daughters danced in the same dance company as me and Brooke and then went on to be extremely talented dancers, I was blessed to be interviewed by her when I returned to the workforce in 2016 and then become her colleague, and the biggest blessing of all was being her friend. We both loved the chicken tortilla soup from Chick-fil-A in the winter months, although I like my tea sweet and she is an unsweetened tea lover. I will miss you but always cherish the years I got to spend with you in the office, with your family, and the time on Boswell Court!

“ Oh Nancy. You will always be in my heart. I thank you for the laughter, you rolling your eyes at me when I said something quirky, Pirner Farm, when students in your classroom got lice, teaching Karla(and she got an A in PE from me), always so smart and knew the answers. I will miss you and know you be the coolest person I ever knew!!!
Big Joel and I send our love to the girls. We are both heartbroken for them.

“ *Dearest Kati, Krysta and Karla and to everyone who also loved and cherished this precious lady! Seldom have I ever known anyone whom I have described as a "true human dynamo" ! There is NOTHING that this wonderful mother, teacher, friend could not accomplish! My mind and heart are flooded with sweet memories that will never diminish with time! Thank you Nancy, for....the Rain Forest, the stenciled Principal's Office, the butterscotch pie, the E.T. thematic lunches and a MILLION other memories! Much love, Linda* ”

“ Kati, Krysta, and Karla,
I am so sad to hear of your sweet mom's passing! My fond memories of my teaching days at Turner are in part, due to you 3 and your precious mom. Your laughter filled the building in those elementary days! Your mom was so devoted to you. She was an incredibly talented teacher. And she was a very sweet and thoughtful friend with such a fun sense of humor. I'll never forget all of our craft fair excursions! No craft fair was too far away for us...even if it meant getting up at 5:00 am to drive to another state to get there!
Girls, you will all be in my prayers. Hugs! 🤗

“ Nancy was the IEP Facilitator for a while at Westlake High School. She originally coined the term of calling me “ EI!” Nancy fought a good fight, kept the faith. She has finished her course and I truly believe she has entered into the joy of the Lord! On behalf of the El-Amin Owens family, I express sincere condolences!

Sorrowfully submitted,

“ Nancy was a teacher at Eva Turner when I was the librarian. She always had a lightness in her voice and in her demeanor. Her girls were students along with other teachers' children. So the Pirner girls and the Ashton girls would be doing homework after school waiting for their moms to be ready to go home. And of course they were playing too. It's a fond memory of families growing up. Nancy had many friends at Turner. I hold her family in my prayers.

“ Nancy was a teacher par excellence. When she taught at Middleton, she was a demonstration teacher for the county. I enjoyed working with her when I was a Reading Resource teacher there and debriefing visitors to her classroom. She was always very generous with sharing her classroom with teachers seeking to improve their craft. She made learning fun and memorable. So very sorry for her lovely girls.

“ Nancy was my cooperating teacher at Arthur Middleton in 1997 when I was just beginning my teaching career. She taught me the ins and outs of classroom management, building relationships within the school community, and so much more! She was patient with me as I perfected the art of teaching and graciously helped me over some hurdles. 23 years later I am still using the tips and tricks Nancy taught me in the classroom. I have so many fond memories of Nancy and the many lives she has touched through her teaching. Condolences to her family.
