“ *I am in shock still! We had some great times back in the day! I will never forget all the fun things we did, like me doing your makeup And you smoking a cigarette one after the other and talking about life, as if we knew it all back then. I am going to miss you so much. Love you Nina. Love, Sassafra*

“ *I will never forget the fun times we had. Like the huge cake you made for the moms connection yard sale or all the fun we had cooking for the bread of life. You were a wonderful friend and woman and most of all mother. Prayers for all 3 of your boys. Watch over them. I will never forget you. RIP*

“ I love you so much, Nina. My heart is broken. I hope you're finally at peace & free from all of the pain. A sister not by blood, but by choice. I just wish I could have said goodbye.

“ When we were younger we were really close friends.. I remember i was always over your house hanging out, laughing having a fun time. We were inseperable and I would spend the night at your house all the time. We used to love eating baby food(not sure whose baby food we were eating) which I still have cravings for. I don't think they make our favorite flavor... Dutch applesauce. Yummy!!! So many more memories but that was my favorite. Miss you girl. RIP Nina

“ You were such a wonderful friend to me, my absolute Best! I will forever live life remembering each and every single thing you have taught me! We have spent so many days just laughing, everytime we were around each other no matter what the situation was we always made the absolute best out of it and had such a good time. You touched my life in so many ways, you always lifted me up and told me how proud of me you are. I love you so very much and I will forever hold you in my heart and keep your memories alive forever! You have showed me how wonderful life truly is. Every since I got the phone call I could have never prepared myself enough for there has been so many different butterflies that surrounds me every time I go outside. I had a blue monarch land on my cheek then, circle around me and landed on my shoulder, I know this is you! You are my most beautiful guardian angel. Please watch over me Nina. I love you so very much. Rest Easy beautiful, I will see you in my dreams. 💜💜

“ You were such a good friend to me. I can't express how sad I am to know you are gone and I'll never see you again. Thanks for all the fun times we had. My children will never forget the times you brought over crafts and worked on with them. And thank you so much for allowing me to watch over yours at times you either went to the doctor or was going to the hospital to have "Sumo". My love and friendship will never cease to exist just because your not around. My condolences to your family. Love ya girlie
