“ *I have the fondest Memories of hanging out over uncle Paul's even though he's not my uncle but I have always called him that, Tracy PC and I have been friends since we were kids, Uncle Paul and Ms Beverly treated me like one of the family and I have always thought the world of them.*

*There family you may not see sometimes for weeks or months at a time but when you did it was just like you just saw them yesterday good country people, they always had a open door for me when I came over and as life goes on years go by and other things take over your life it would always bring me back to my younger days and memories when I would see uncle Paul at the post office or at the Paddock you will be greatly missed sir may you rest in peace.*

JD

“ Paul & Beverly were good friend of my parents Sonny & Marianne Bell. We spent many weekends over there, playing outside with PC, Tracy & Theresa. Our parents would play cards and we would end falling asleep in the chairs and on the couch. I'll always remember when dad and Paul got matching Honda motorcycles. I think they got them in 1962. Beverly did not want Paul to get one. One Saturday Paul & Dad went riding on their motorcycles. The look on their faces when they got back we knew something was up. Paul had a little accident on his motorcycle and they were scared to tell Beverly because she didn't want Paul to get one for the fear of getting hurt. Boy did that open a can of worms! I have so many memories of time spent over their house. Paul will be missed but he can now join Beverly in heaven. My prayers and thoughts are with PC, Tracy & Theresa and the rest of the family.
