“ *My condolences to the family. I am very sorry for your loss. I tried sending flowers for your dad's service and they were returned by the flower shop. This time, my heart-felt wishes that the family will remain close. Your parents and family members were awesome people. We would all receive each other's mail and return it.*

*I am so sorry, I know you can always call us. and just talk.
I first met my future sister when I was in first grade. This pretty lady would sit with on the school bus. She would get on first, and say "cute sit right by me":. She would talk to me all the to my school, it made me feel special, at a scary part of my life.
Safe passage lady on the way to meet your love.*

“ *Chuckle and Brenda I was saddened to hear of Aunt Peggy's passing and dad told me that Uncle Laurie has also passed couple months ago. My heart is forever great full that I knew them from a young age And my adult life . Put curlers in my hair so we could go to church boy how I hated them curlers. They helped me when car broke down or needed a ride wk cause of snow When they lived beside us. Your Mom and Dad were very special people in our lives and they will truly be missed. Love them, they are once again together with their smiles pulling them to each other. To you all and your family I send my love prayers and condolences to you all. “ *Chuck and Hazel,
Frank and I are deeply sorry for the passing of Chuck's mom; especially so close to the passing of his father. Take comfort in the fact they just needed to be together again. Our prayers go out to you and your family during this difficult time.*
