and grandchildren today and always. Your  
wife, mom and grandma will always be with  
you in spirit. I am so glad our daughters

“ Condolences to Dick, Jessica, Terry, Melissa and grandchildren. I know each of you have heavy hearts as you go through the day to day process of dealing with the loss of your wife, mother, mother in law or grandmother. She will always be by your side no matter what day or hour. May each of you find condolence in all the times you shared as a "family'. May she rest in peace in the arms of God.

*I lived just across from Becky when we were growing up-spent many an hour @ her then parents home. Enjoyed her friendship and talents, she was a smart girl then and her intelligence just grew through the years. Just now seeing her picture brings back some fond memories, she had a quick wit about her that amazed me . We grew apart through the years but now and again would see each other and chat away, You can never forget your best friend when you were young-I certainly believe Becky found her rest and that an unbelievable banquet table was set before her!*
