“ *Susan,*

*I am so sorry for your loss. I have so many memories of Rebecca from when she was a child as that is when I knew her before I moved away. My favorite memory of her was how she said my baby girls's name, Feather Ree. She knew who she was talking about but if memory serves right, it took us a bit to figure out exactly what she was saying. After that moment, everything was Feather Ree. She was beautiful, fun , and very very happy. That's how I choose to remember your daughter Rebecca Leigh. I'm sorry for your loss and I am so sorry you are hurting. IF I lived closer I would have been there in a heart beat for you. Hugs! Thinking of you during this most difficult time. Please send JR my condolences as well.*
