There are no words I could begin to utter at this time to relieve you of any pain you and your family is suffering. I will just say, May God and his Special Angels, carry you and your family at this time of suffering, in somehow, thru Gods Grace will you find some form of peace and comfort, though, I imagine this will take quite a bit of time.

“ Lots of great memories!! One favorite was Bobby, Kevin and Charles putting up a tent in our back yard with an xbox, tv, a fan and a cooler full of beer staying out there the whole night several times because they just got way to into the games screaming at each other in the house waking up the kids. It was the funniest thing ever cause they wouldn't let anybody else in. It was the "Man Cave" we will always cherish all the memories with Bobby!! Love, Christi and Kevin Gamble

“ Bobby was the "other son" I raised in my house. I have always loved him and still do today. My heart is saddened by the news when I heard of his passing. I don't know how to feel. Even though Michael and Bobby took different paths in life they will always be bonded by the friendship of childhood and more. I will miss Bobby more than words can express. When ever I saw him he still greeted me with a smile and treated me with respect. He will always and forever have a special place in my heart!! I Love You Bobby Now and Forever!!!

“ Share a memory.....Lord which one do I choose. I guess I'll pick the funniest one I can think of.....so way back during middle school/high school years, my brother Mike had this old rough looking moped/scooter. He and Bobby, and I'm sure many of the other Clifton boys, would take turns riding it around the neighborhood. The muffler had a hole, or many holes lol, so you could hear it coming from miles away. And best of all, it had no brakes as well!

So on this particular day the boys are riding the moped, someone gets fed up with hearing that loud muffler and calls the cops. Mike is driving the moped and Bobby is sitting behind him. I can't remember the damn road name, but it's the street before Emerald Lane, the one that kinda goes down hill. Anyway, picture this.....they're riding down hill, heading towards the four way intersection, when they notice a cop parked his cruiser in the middle of the intersection!!!! Mike, realizing he has NO brakes, puts his feet flat to the pavement trying to stop! I guess as soon as he slowed down a bit, Bobby jumped off the back and hauled ass in the other direction! Mike crashed the moped into the side of the cruiser and went flying onto the hood!!!!!! LMAO!!!! Luckily, no one was hurt and he didn't damage the cruiser!! The cop actually got a kick out of the whole thing. And that was the end of the moped!

Bobby, I miss you!!!! I know it had been years since we saw each other but you were always family!!!! I will always treasure all the great times we had growing up!! XOXOXO
