“ Ron, R.I.P. my friend. As the sticker read on the back of your truck " I Survived An F 5 " you will always be remembered. Stories, jokes, drinks, singing about the good and bad times in the past and yet to come. Ron lived life to it's fullest and brought light at some of life's darkest moments. Thanks for stepping in and leading a hand, sharing a story (just when you thought you'd heard them all), and taking the time when no one else would bother. This ones on me GAS . . . Till we meat again my friend.....JC

“ One day this 1955 Chevy station wagon went by our house ( I was about 13) and turned on the next drive, I followed the dirt road up to Gas'es house not knowing what I would find. I came to this knoll and saw the tail end of the 55 sticking out of the garage and then I heard a voice say " Dont just stand there, come on over and give me a hand". This is my first meeting of the man they call "GAS" Ronnie. He taught me how to do my first oil change on a Big Block Chevy and my Love for Hotrod's remain to this day. The military called me but our friendship always lasted through the years, Him and I had many of long distant calls talking about old times and catching up on the latest. When I would always come home for a visit I made sure He was on my list to see. He will surely be missed. Love and prayers. Dennis (Sonny) Lindamood

“ Go by Bernie's Frame Shop in La Plata and buy some of his boats that he sold there. This will help his family more than flowers will. He worked many hrs on them and got paid very little for all his hard work on them. Thanks, Noel
