“ Rudy and I worked on several projects together. His electrical knowledge was expansive. He was a valuable resource. He worked diligently to produce quality projects. I am proud of his work product and his humanity. I hope his family can find solace in the knowledge that Rudy was appreciated by many of us. Good bless.

I wanted to share that in Rudy's last day's he started to see visions of things not really there. It was always about work. He told me Mr. Clark was in the room and Rudy was showing him all the violations in the room. Every single time it was always work related. He absolutely loved his job, I'm so proud of all he accomplished over his 43 yrs in electrical work. He will be so missed by his family and coworkers. Heaven truly gaid another amazing angel.
