“ Stephanie rose link "rose" as i called her was a very special young lady to me.i still remember the first day she came in to my life me and Katie went over to her mom's house and that when i meet Stephanie i didn't even know the girl for over 20 minutes and she asked me to go in the back yard and play as we were playing i will never forget when she spotted a callapitter and then i found one as well she named one Cali and the other one max lol.and after that the rest was history me and Stephanie became best friends.she went through alot as time went on things happened that broke my heart but i was right there for the girl as much as i could be for those of you that know me also know i had my struggle's as well.but i did everything i could for my little Rose as time went on i adopted the name daddy and she called her aunt katie mom 😊 it made me so tickled this was before i had 2 kids of my own which by the way Stephanie loved with every bit of her heart Olivia and Stephanie could sit there for hours and just play with baby Dolls they absolutely loved it.i lost a big part of my heart when god took Stephanie home.i could go on for days and tell so many stories about that girl she was definitely special that's for sure.olivia really misses her feefee to every day it just kills to hear my little girl say were is my meme and my feefee and we just don't know what to say.its just so hard to deal with such a loss it's affecting so many of us that loved them.i could care less about everything i lost i just wish we could have Stephanie and Wendy back and things just go back to normal.
