“ 20+ years ago, Sue and a bunch of us spent many an evening playing bridge...we all had such fun! Our paths crossed again and again throughout the years. The last time I saw Sue was at Tangles beauty salon in La Plata. She shared with me her diagnosis of Lou Gehrig's Disease. I say good bye to a unique and wonderful person. May you find peace and happiness. Gail Gromen

“ Sue will be missed by all who knew her. She had a wit which I will never forget. Her poems at the Nursing Pinnings were from the heart - she deeply cared for "her" students. She loved her family and friends. My heart goes out to them all. God must be in need of a great nurse up there! You fought a good fight, may you now rest in peace in His arms.

“ Sue was my professor at CSM for OB. She was just a wonderful person and had numerous stories from her nursing career to share with the class, which only helped reinforce those nursing concepts. She touched so many student lives' and will be deeply missed. May you rest in peace.

“ Sue was my instructor in my 1986-1988 nursing class. She really made learning fun and I will never forget her and all of the other instructors that I had. One day sticks out in my mind with Sue, I didn't want to leave after clinicals before the patient I was following completed his surgery. Sue volunteered to stay with me until the surgery was over. I never forgot her for that, she knew that it was a very good learning experience for me, so she gave me her time after a long day at the hospital. RIP Sue you will never know how many people's lives you have touched in such a special way.

“ Sue was an amazing woman with such a passion to care for others. There are an unlimited number of nurses she helped to shape their career and by doing so she touched an unlimited number of patients. Because of her and other instructors I became an educator myself passing on the knowledge Sue shared with me. She will be missed. Praying for the family.

“ *She was one of my favorite nursing instructors ... I've been a nurse for 15 years because of this beautiful woman ... Her knowledge and care will be carried on forever in the hands of so many nurses that she taught. That's an amazing legacy! I will never forget her "crotched uterus model". Thank you Sue for all that you've given me and may you rest in peace.*

“ Sue brought her students to my unit during their OB rotation. Her sense of humor was wicked and spot on. I was at something in the nursing building at CSM and she and several others put on a skit of sorts that incorporated things the students had said and done over the years that had me crying it was so hysterical, but again so imaginably true and believable. I'll never forget that dry humor. Mary Newman

“ Wonderful Nursing Instructor from my days at CCCC, I will always remember her words from LPN summer during an OB lesson: around 1999, "A negative stress test in not good." I'm sorry her family is facing this loss.

“ I graduated from the nursing program in 1999 back when it was still Charles County Community College. Sue was one of my favorite instructors. Her stories always made me laugh. She make sure we worked hard and knew what we needed to know, but she was also kind and loving toward us.

“ Sue was a treasured friend and colleague I could always rely on her wry sense of humor and her positive outlook. She even helped me write test questions when I was student teaching at CSM. She educated many nurses during her 30 years at CSM so her legacy of caring lives on.

“ Sue is a well loved and respected friend. I am a better nurse and person because of her. She was able to pass her knowledge on in a way that made the learner feel enriched and enlightened. She is one of my favorite instructors of all time, and am proud to consider her a friend. I will always remember her kindness and sensitivity. After I was already a nurse, and the family member of a patient in the delivery room, she brought her students in to watch the doctor perform a rarely seen procedure on my wife. I won't forget that day, and how kind she was in my time of need. It has been a pleasure over the last several years being her friend on Facebook. We had many conversations about nursing, and life in general. I will be thinking about her family in the coming days and weeks, and hope they can find some comfort in the fact that she lived a wonderful life and touched many people, including myself. Thanks Sue! You will be sorely missed by many!

“ Andrew and Family:

I am so sorry for your loss. I hope you are all comforted by the fact that she knew she was well loved and that you did the best you could to care for her while she was ill. My hope is that you have great memories and that God will give you peace, wisdom and understanding.

We are promised something far greater than what we enjoy in this life. "For God so loved the world that he gave his only son, that whosoever believeth in him should not die but have life everlasting." John 3:16

You are in my thoughts and prayers.
