“ I am so sorry for this sudden loss. A lot of my high school years were spent with y'all. Teri made me like a part of the family from hanging out at the house to teaching me how to be a waitress when she trained me at the Truck Stop. I was included in so many things during high school. I still have the Christmas presents Teri and Candice got me and still have many memories of spending time with everybody. Teri even came to meet my little one after she was born. Just randomly stopped by the house cuz she wanted to meet her and visit me for a few minutes. Every time I saw her somewhere, we would stand and talk for a while. I am so sorry that she is gone and it breaks my heart that the family and friends have to go through this. Such a young life taken but she will never be forgotten and I will forever remember how she included me in her life. Love to all and to Teri.

“ Although I don't remember you growing up my hole life due to reasons beyond our control, I am so happy we did find one another. You (and your brother) helped me and my brother out so much more then you will ever know with the family tree ya'll put together. I feel truly blessed that my brother and I found our Uncle Luke which then lead us to you. You were/are my beautiful cousin and you didn't deserve this! You will live forever in our hearts and you will never be forgotten! I know how much you loved your mom and dad and so knowing you are with them right now is what gives me some comfort at the end of it all. I love you cuz!!!!!! R.I.P. and know that you will truly be missed by so many until the day we all join each other again. I know you will be right beside your mom and dad watching over us all!

“ *Teri was a caring person. I loved when she would do my hair and let me play with hers. It was always so soft. She was very loving and would always give me the biggest hugs. I am going to miss those. I liked when she made me laugh. I love you and will miss you*

“ Teri was a very warm and loving person. She would give you the shirt off her back if need be. She would also lend a helping hand anytime one was needed. I remember the time she helped me move a dresser for my mom (kitty). She pushed it so hard she had me pinned between it and the uhaul. We where both laughing so hard, she had me stuck there for a good five minutes. It was a funny sight. Then again most times with Teri were just that "FUNNY" Especially when she came to card nights at my house. She would have us all laughing until our stomachs hurt. The times Teri spent with my girls, talking to them, showing them stuff, reading to them, taking them fun places and showing them nothing less than pure love was and still is priceless. Teri you were a beautiful person. You will be missed tremendously. May you rest in peace and know you will forever remain in our hearts. We love you
