*Tony you will be missed by so many of us!Just sitting here thinking about all the late night talks we would have through FB messenger or text messages.Especially when you were real down about a girl you were in love with and it didn't work out.I know your family is hurting so bad right now.When I lost my brother to cancer not only did I loose my brother but also my best friend.I miss the crazy days your sister Stacey,Ypu and I had.There was never a dual moment around you.No matter how sad and down I was you always brought me back up with you just being your silly self.R.I.P and never forget how many lives you had a great impact on.TJ loved his daddy more than anything when I was little and use to be around you and him.It's like a nightmare.I couldn't believe it when I found out.And to this day I still have trouble believing it and don't wanna believe it.You left behind so many people that will live and miss you so much.R.I.P Baby Boy!Keep looking down on everyone and if you happen to see Pete give him a big hug for me and please tell him I miss and love him dearly! Love ya Tony ;(*
