“ *I miss you and I love you hope to see you again on the brighter side. I remember all the moves you used to have me on around Robinson and how you taught me how to roll up all the good times we all had together man it hurts. And you looked out for me even if we had our downs we still had alot of good times. I just don't want this to be true everyone I have loved is leaving.... Y'all just wait for the day we meet again.*
