“ I have known Eddie since he was just a little boy. I use to babysit for him. When his mom came over with him the first time he was all over the place, Needless to say he was all boy and into everything. But as soon as his mom would leave I would say knock it off and stop it and he would settle down and be pretty good the rest of the day. He loved his mom and knew that he could be himself around her and she adored her little boy. Eddie grew up with my kids and they had a lot of fun times together. They would play games, laugh and tease each other and play jokes on each other. Eddie loved to crack jokes and ask questions and he would do it all the time. Eddie was a great kid and a nice young man. When you were his friend it was for life and he loved you completely. It is with much sorrow that I write this very brief summary of my memories of Eddie. I pray that our great God will comfort and hold you in His hand during this time and give you peace.
