“ *Major Ed Feeney was truly “one of a kind.” I worked for him for many years while assigned as an investigator to the Criminal Warrant Investigations Division. He was, by far, one of the best commanders that I ever worked with. He was very protective of the men and women that worked for him. We were “his” work family and we would go to the ends of the earth for him.*

Major Feeney (then Captain) created opportunities for each person in his division to be creative, progressive, and to excel. He was always willing to listen to new ideas on how to increase arrests of wanted individuals. He helped pioneer many new investigative techniques that made us one of the most productive (in arrests and case closure) warrant units on the East coast.

Major Feeney loved the Prince George’s County Sheriff’s Office and the men and women who worked there. I was truly honored to have worked for him. He will forever be on my mind.
